

# Protect Marriage in Maine

## Why do we need a constitutional amendment to protect marriage in Maine?

Natural Marriage is Under Attack. There is a nationwide effort to overturn state Defense of Marriage Act (DOMA) laws which define marriage as the union of one man and one woman.

Marriage is Beneficial to Maine. God established the institution of marriage to provide the foundation for society. Our communities flourish spiritually, socially, economically and in many other ways due to the stability and strength that marriage provides to children and families.

Redefining Marriage is a Vast, Untested, Social Experiment. Our responsibility is to always ask, "What is in the best interest of children?" When it comes to marriage, children always do better when they grow up with a married mother and father.

## How YOU can help...

Ask your legislative candidates to support an amendment defining marriage as the union of one man and one woman.

Host a house party to tell your friends and family about the amendment.

Pray that the Lord will change the hearts of legislators to protect marriage.

No one organization or individual can do this! An amendment to the Maine Constitution will require a 2/3rds vote of the legislature. We need every concerned individual contacting their legislative candidates right away!

Email us [allianceweb@mainemarriageamendment.com](mailto:allianceweb@mainemarriageamendment.com) if you need help identifying your candidates, planning a house party, or have any questions!
